Belts, patches and zipper pullers, developed from your artwork, approved as a sample, and produced in bulk to match.

OUR PRODUCTION FLOOR · DHAKA

01 — OUR STORY

A manufacturer, *not a trading desk.*

*Sample first.
Then bulk that matches.*

Tuba Trims was founded in Dhaka in 2015 as a family manufacturer of custom garment trims. We develop and produce leather, PU and branding trims for export garment factories, buying houses and brands.

Development, sampling, bulk production and quality control all happen under one roof, in our own workshop at Purana Mugoltuli. That is how we keep every bulk order faithful to the sample you approved.

Tareq Chowdhury
MANAGING DIRECTOR

A focused workshop, *built for development.*

2015

ESTABLISHED IN DHAKA

~3,000 sq ft

PRODUCTION FLOOR

25+

TEAM MEMBERS

20+

MACHINES IN-HOUSE

2–4 weeks

TYPICAL PRODUCTION WINDOW

Bangladesh,
Asia & Middle East

MARKETS SERVED

Every enquiry answered within one working day.

Belts

Leather, PU and woven constructions,
finished with the hardware your
programme calls for.

Leather & PU belts

Fashion and garment belts.

Woven / fabric belts

Webbing constructions for apparel programmes.

Custom hardware & finishes

Buckles and finishes matched to your approved sample.

Woven leather belts

Developed from your artwork or reference sample.

Branding & *accessories*

The details that carry your buyer's brand, developed from artwork or a reference sample.

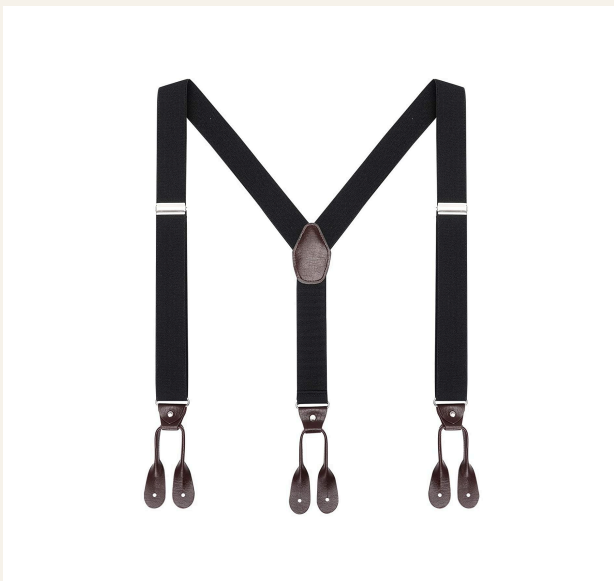

Patches & badges

Leather, PU and embroidered-style branding patches.

Zipper pullers

Custom shapes, materials and brand detailing.

Suspenders & branding accessories

Cross belts and related fashion accessories.

Custom developments

From your artwork or reference sample.

Seven processes, *one roof.*

Every stage that shapes the look and feel of a trim is handled in-house, by our own team, on our own machines in Dhaka.

Cut, branded, stitched and checked under one roof.

INDUSTRIAL STITCHING · OUR DHAKA FLOOR

01 Leather / PU cutting & skiving

02 Webbing assembly

03 Metal hardware fitting

04 Embossing, debossing & hot-stamping

05 Laser & screen branding

06 Industrial stitching

07 In-house QC & packing

From artwork *to bulk.*

Four clear steps, with a signed-off sample at the centre of every order.

01

Brief

Share artwork or a reference sample, target quantity and need-by date.

02

Develop & sample

We develop the construction and send a sample for your approval.

03

Approve

You confirm the sample: fit, finish, branding and measurements.

04

Bulk + QC

We produce to the approved sample, then check, pack and deliver.

Typical production: 2–4 weeks, confirmed per style.

Built for factories *and* *buying houses.*

*Shortlist us for **special trims** programmes: custom patches, fashion belts and zipper pullers, where sample fidelity and local speed matter more than commodity volume.*

FOR BUYING HOUSES & SOURCING OFFICES

How we work

- B2B only: garment factories (woven, denim, casual), buying houses, sourcing teams and brands
- Sampling before bulk; sample policy shared on request
- Serving Bangladesh garment clusters, plus buyers in Asia & the Middle East
- Reply within one working day

For a fast quote, send

- 01 Product type: belt, patch, puller or other
- 02 Artwork or clear reference photos
- 03 Approximate quantity & repeat potential
- 04 Material: leather, PU, webbing, metal, etc.
- 05 Target ship / line date
- 06 Any buyer compliance needs (tell us early)

TUBA TRIMS

Let's develop *your next trim.*

Send your artwork or reference sample, and we'll reply within one working day.
